

We are a fast-growing company from Tessenderlo (B) and have set ourselves the goal of delivering innovative and high-quality microfiltration solutions for the pharmaceutical, food and beverage, water and chemical industries worldwide. Become part of our team and contribute to achieving our vision.

Internal Technical Sales Officer

As an employee of the internal sales department, you are the link between sales and production and ensure the smooth processing of our customer orders. To this end, you will be in daily contact with our customers and manufacturing partners. This means that your task is crucial for the external perception and the sustainable success of Masterfilter.

Your tasks

- Create, modify, and track quotes
- Contract review
- Clarification of customer inquiries
- Order settlement
- Support of sales activities worldwide

Your qualifications

- Successfully completed vocational training as a wholesale and foreign trade employee, with commercial and / or industrial skills.
- Good technical understanding after an intensive training

- Strong analytical and negotiation skills
- Professional experience in an industrial company is desirable
- Ability to work in a team and high customerorientation
- Experience in dealing with ERP systems
- Good spoken and written knowledge of the Dutch, English and French Language.

What we offer you

- Interesting tasks and challenges
- Independent and challenging job with very important growing possibilities
- Flat hierarchy
- Motivated Team
- Attractive remuneration and development opportunities
- A secure job in a growing company
- Capital-forming benefits
- 23 days holiday
- Active support in your personal development
- We reward commitment and outstanding achievements

We want to get to know you!

Do you accept the challenge? - We are looking forward to meet you!

May we ask you to apply with the keyword "Employee Technical Sales Office (m/f)" stating your availability and salary expectations.
